

- Financial assistance
- Strategic European location
- Excellent transport infrastructure
- Multi-modal development sites
- Competitive labour & skills base

Ideally situated at the heart of the country's transport infrastructure, enabling it to provide a rapid and cost-effective service to its customers.

Just under an hour's drive to the North Midlands and North-West.

Located alongside the Aire & Calder Navigation adjoining the port of Goole, some 80 km from the open sea and 2.5 km from the M62. This means that it takes only a half-hour's drive to reach the industrial areas of West and South Yorkshire via the M62 and M18 respectively.

Ideally located on the E20 European Trade Corridor

www.gooleintermodal.co.uk

Rail connected and has well-used canal connections to West and South Yorkshire.

links to road, rail, inland waterways & the sea

This strategic site has multi-modal transport facilities served by the Hull - Doncaster Railway, the M62 Motorway, the Aire and Calder Navigation and the Port of Goole. A modified motorway junction, a link road through the industrial estate and to the port will also be developed at the site.
